

Green upgrades coverage

Sometimes, a home insurance claim can present an opportunity to upgrade destroyed property, equipment and appliances with something more energy-efficient. Plus, these upgrades can save you money on your energy bills over the long term.

Customers who have insured their home or condo with us can add The Hanover's green upgrades endorsement. This coverage applies to building structures, personal property, and related expenses for equipment, materials and methods in design and construction.

Green upgrades include:

From breakdown to upgrade

A **green upgrades endorsement** also works in tandem with an existing **equipment breakdown endorsement**. For example, say your refrigerator fails due to a mechanical issue.

- **Equipment breakdown** would cover the cost to replace the refrigerator
- **Green upgrades** would allow additional coverage for a more efficient refrigerator
